

## Action required on your Vanguard 403(b) Services account

As we recently shared, your Vanguard 403(b) Services account will automatically move to the Ascensus recordkeeping and administrative services platform on November 10. Ensuring your experience is smooth is our top priority. An important change regarding your investment election will be part of the migration. **Please review this time-sensitive information carefully.**

### What's changing?

Fractional percentages will no longer be accepted. Effective with the migration, all investment elections must be in whole percentages.

Our records show that you currently have a fractional investment election. Please adjust your investment elections to whole percentages by **1:00 p.m. ET, November 8, 2023, by logging in to [www.vanguard.com](http://www.vanguard.com), select your 403(b) account, choose Go to my 403(b) plan for details, and then from the Shortcuts menu, choose Explore My Options.** If you take no action, your elections will be updated as described in the examples below.

#### **Example: Unequal investment percentages**

*Participants with fractional contribution amounts or percentages:*

- 33.3% of her contributions to Fund A
- 33.3% of her contributions to Fund B, and
- 33.4% of her contributions to Fund C

*After the migration date, the .3% in Funds A and B will be directed to Fund C, the fund with the highest allocation percentage. Participant A's future investment elections will become:*

- 33% to Fund A,
- 33% to Fund B, and
- 34% to Fund C

#### **Example: Equal investment election percentages**

*Participant B has future elections set for 12.5% to each of eight different funds in the plan. The half percent for each of the eight funds will be added together and the resulting total of 4% will be added to the first fund listed alphabetically by fund ticker in the plan.*

Note: These changes do not affect current balances and do not affect accounts that have whole percentage allocations.

Additional information regarding the migration to the Ascensus recordkeeping and administrative services platform is available on your participant migration website. Go to <https://nu5-transition.retsupport.com/participant>.
