

Welcome to Ascensus

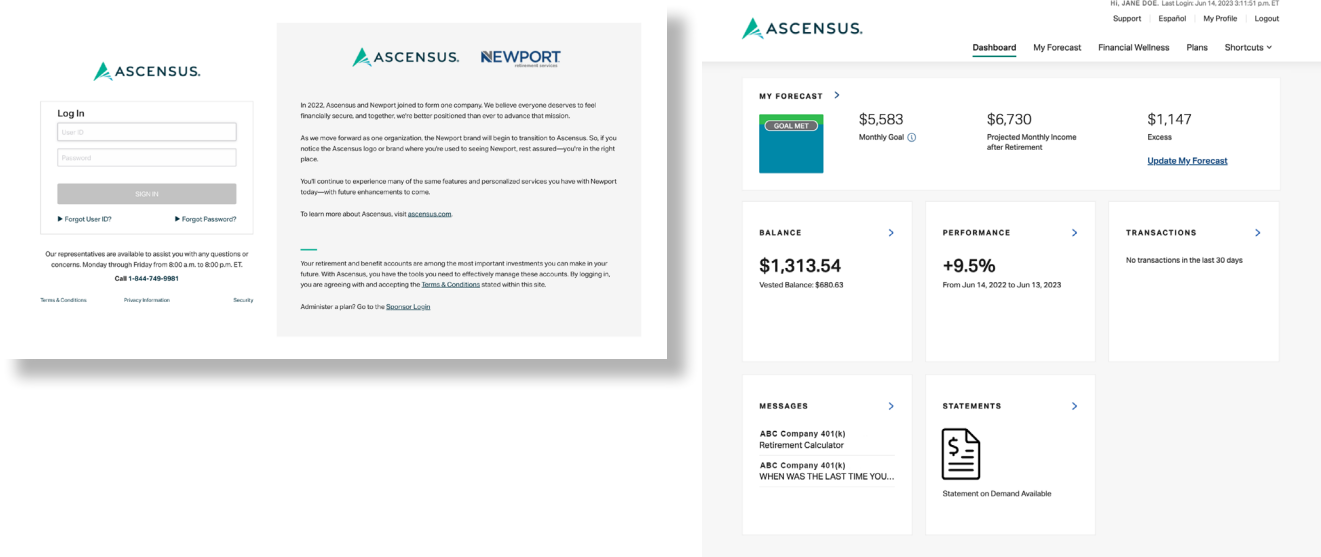

Your Ascensus plan experience begins.

In 2022, Ascensus and Newport joined to form one company with a mission to help more people achieve a secure financial future. After June 26, you'll begin to see how together, we're able to deliver even better experiences and new ways for you to save for what matters.

Easily access your account online

Log into the Ascensus employee website with the same username and password you currently use for the Newport website: <https://secure.ascensus.com/login/participant>

Be sure to bookmark the Ascensus URL for easy access in the future.

Once you've logged in:

- **Review your beneficiary information**, and update if needed, to protect your retirement assets.
- **Confirm your savings rate is accurately reflected** to see your potential monthly retirement income.
- **Opt-in for automatic savings rate increases** to keep your savings journey on track.
 - Depending on your plan's features, prior savings rate increase instructions may need to be re-entered.
- **Opt-in for automatic account rebalancing** to ensure your portfolio stays aligned with your investment goals.

You're all set! Visit your employee website at any time to update your savings rate and manage your investment lineup.

Now that your plan is with Ascensus, it's a great time to:

Save for what matters—your way. Get personalized insights and monitor your progress on the employee website. Project potential monthly retirement income based on your current savings strategy with My Forecast and Personal Performance. Everything you need to manage your account is in one place. And, you still have full functionality in your Newport mobile app.

Wherever you are in your retirement journey, you can gain insights along the way that will help you build confidence as you save for your future.
